I assisted in the STEAM education of children using LEGO Education systems. I supervised in the learning of both local and international children. I also helped with the translation of LEGO educational material from English to Turkish.

### STUDENT ASSISTANT. CONFUCIUS INSTITUTE AT MIDDLE EAST TECHNICAL UNIVERSITY (METU CI). ANKARA, TR

08/2016 - 02/2019

Founded in Middle East Technical University in collaboration with Xiamen University as a branch of Confucius Institutes, METU CI aims to provide Chinese as a foreign language education, facilitate cultural exchange, build industrial partnerships, and increase student mobility between the two countries. Our teachers were all citizens of PRC; thus, we had a multicultural environment that embraced diversity. My duties included:

- Drafting, following, and archiving correspondences,
- Preparing periodical activity reports,
- Preparing income and expenditure tables, reimbursement accounts,
- Assisting the management of online profile of the Institute,
- Liaising students and guests with teachers and University bodies and administration,
- Assisting the logistics, procurements, coordination, and execution of events,
- Translating and interpreting between Turkish and English, both written and verbally.
- Assisting in the recruitment of temporary staff, such as assistants,
- Assisting the sociocultural orientation of foreign teachers, such as arranging residency and work permits, helping with accommodation options, familiarizing with the environment.
- Proctoring exams.

I ended my duty in METU CI in order to study abroad in Germany for one semester as part of Erasmus+ Exchange.

## **FREELANCE WEB DESIGNER & DEVELOPER**

*12/2021 – present*

Self-educated in the field, I design and develop websites as a freelancer. I am familiar with HTML, CSS, Bootstrap, and JavaScript, as well as WordPress.
